Express.js Node.js Framework for Web Application Development Express js is closely related to Node.js, and it is solely based on the latter. Most of the codes used in the two platforms are almost the same. Those who are familiar with the Node.js framework will find it easy for them to read and understand this book. However, even for beginners, this book is easy to read and understand. This is also how the platform express js is. The framework makes it easy for developers to create an MVC structure for their apps, whether web or mobile, and especially on the server side.
