## DIGITAL TERRESTRIAL TELEVISION BROADCASTING

Book Condition: New. Publisher/Verlag: Springer, Berlin | Designs, Systems and Operation | In the past decades, traditional television broadcasting has been an autonomous field which was largely independent of the world of telecommunications and computers. The analog television standards PAL, SECAM and NTSC have remained almost untouched with regard to their picture information. Whatever development took place was essentially in support of programming and was based on the existence of a certain redundancy in the representation of the signal in...
