RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 100 pages. OCLC Number: 52722110 Excerpt: . . . 4 mates that some 75 million Americans have been without health insurance at some point during the past 2 years. Health insurance matters. The simple fact is that people with health insurance are healthier than those without. People without health insurance are less likely to seek care when they need it and tend to forego services, such as periodic check-ups and preventive services. As a consequence, they are more likely to be hospitalized or require costly medical attention for conditions that could have been prevented or treated successfully at an early, curable stage. Not only does this put the health of those individuals at greater risk, but it also puts additional pressures on our hospitals and emergency rooms, many of which are already financially stressed. Maine, like many States, is in the midst of a health insurance crisis, with premiums rising at alarming rates. Whether I am talking to a self-employed fisherman, a displaced worker, the owner of a struggling small business, or the human resources manager of a large corporation, the soaring cost of health insurance is a common concern. Maines employers are facing premium increases of 20, 30, or even 40 percent a year. This is particularly burdensome for our smaller businesses, which are facing a dilemma. If they pass on the cost of the health insurance to their employees, more and more of their employees will decline coverage because they simply cannot afford their share of the premium. On the other hand, the smaller businesses cannot continue to absorb double-digit increases in rates. The problem is even more acute for the many Mainers who are self-employed and must purchase health insurance on their own. What we...
