GLUCOCORTICOID RECEPTOR-BASED TRANSREPRESSIVE MECHANISMS

LAP Lambert Acad. Publ. Mrz 2010, 2010. Taschenbuch. Book Condition: Neu. 220x150x9 mm. Neuware - Inflammation is one of the biggest challenges in current medicine. Glucocorticoid-based therapy is still the most commonly used treatment to combat chronic and acute inflammation. However, as this treatment is burdened with a detrimental side effect profile and the occurrence of glucocorticoid resistance, research efforts are focused on characterizing the anti-inflammatory mechanisms of glucocorticoids and developing new therapeutic strategies to fight inflammation. In this book,...

Reviews

I actually started off reading this article ebook. It is written in simple phrases instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dessie Witting**

Absolutely among the best publication I have at any time go through. It is definitely basic but shocks from the 50 % of the book. I discovered this book from my i and dad advised this publication to find out.
