*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.*

CAROLRHODA BOOKS, United States, 2014. Hardback. Book Condition: New. 206 x 150 mm. Language: English . Brand New Book. A gripping survival story, the second in a series by a best-selling author, of a strong girl rebuilding her life in a post-apocalyptic society where a contaminated drink makes victims act like zombies; just right for fans of James Dashner, Carrie Ryan, and The Walking Dead. Seventeen-year-old Velvet, her little sister, Opal, their mom, who is recovering from the Contamination, and Velvet s sweet boyfriend, Dillon, are attempting to build a new life amid the rationing and regulations of the post-outbreak nation. But the outbreak isn t over: more people turning into Connies, more madness erupting, more killings occurring. And what they are being told is not the truth; the truth is far darker and more threatening. Praise for Contaminated Echoing the reality millions of young adults face daily, this dystopia speaks to a wide range of readers, including reluctant ones. -- Kirkus Reviews . This has plenty of suspense--it s not a book to read at bedtime. -- Booklist Velvet may have a softer name than her literary predecessors Katniss, Cassie, and Kaelyn, but like them she has been forced to take on adult-sized responsibilities within her repressive society. the plot moves quickly.more of a relation-based book than many other teen dystopian novels. -- The Horn Book Adulterated products are constantly in the news now; everyone has heard of problems with Chinese infant formula, US energy drinks, even popular US sports drinks. The diet drink that sets off this epidemic is inspired by these chilling, real stories.
