Tlacaelel Press, United States, 2010. Hardback. Book Condition: New. 284 x 220 mm. Language: English . Brand New Book \*\*\*\*\*

Print on Demand \*\*\*\*\*. 2012 - Science and Prophecy of the Ancient Maya, is a full-color, 172-page book inspired by Maya inscriptions, astronomical knowledge, math, and myth.

Responding to the upsurge in interest in the Maya prophecies, Prof. Mark Van Stone has spent the last several years researching What the Ancient Maya Actually Said about 2012.

The result is based entirely on science, archaeology, decipherment, and Precolumbian art. (No channeling of ancient priests! No Planet X!) To make this arcane material as accessible as possible, he examines aspects of the phenomenon in 38 short, digestible essays, which one can read in any order. It is eminently browsable. It is also dense with information: Dr. Van Stone does not dumb down information to reach some imaginary least common denominator. It is also visually appealing; the only art book on the subject. .A Biographical blurb: Professor Mark Van Stone has spent his entire life studying the art and history of written forms. He started 40 years ago with Celtic manuscripts such as the 7th/8th- century Books of Kells and Lindisfarne. Progressing to...
