

Genealogy At A Glance: Virginia Genealogy Research

Filesize: 1.13 MB

Reviews

This type of pdf is everything and helped me searching ahead and a lot more. It normally does not expense a lot of. You wont really feel monotony at anytime of the time (that's what catalogues are for relating to should you request me).

GENEALOGY AT A GLANCE: VIRGINIA GENEALOGY RESEARCH

2012. Soft Cover. Book Condition: New. 8.5 x 11.5 in. Collector Bookstore is a retailer of new books located in Leavenworth, Kansas. We specialize in price guides and reference books for the antiques and collectibles industry. Virginia was the first as well as the largest of the original 13 colonies, and its inhabitants left an abundance of genealogical records. As anyone knows who has ever attempted Virginia research, the challenge is to reduce this body of records to manageable proportions, a feat skillfully handled here by Virginia expert Carol McGinnis, author of the highly respected book *Virginia Genealogy: Sources & Resources*. Published in the now familiar laminated folder, this guide is designed to cover the basic elements of Virginia research in just four pages, giving you as much useful information in the space allotted as you'll ever need. It boils the subject down to its essence and allows you to grasp the basics of research at a glance, guiding you with confidence through this complex body of records to your ultimate goal of tracing your ancestry. McGinnis starts with a description of the settlement of Tidewater Virginia and the movement west to the Blue Ridge Mountains and into the Valley of Virginia, and from there into surrounding counties and states from where tens of thousands of Americans trace their ancestry back to Virginia. Pinpointing the origins of the early settlers, she reveals a key fact--that many of the records of interest to genealogists are kept at the county level; and using this as an organizing principle, she discusses the background, the location, and the use of the most critical records: vital records, church records, cemetery records, land records, probate records, and military records. Then, after an illuminating passage on census records, she gives us an overview of supplementary sources: Bible...
